

Executive Summary

Date: March 14, 2006
Organization: EverGreen
Contact Information: Evergreen

Purpose:

To fund the shortfall in the 2006-2007 budget required to implement the Community Development Program (CDP). The CDP is one of three components which are a part of Evergreen's mission to protect the country's natural resources, especially the rain forests which are being over exploited.

This CDP component specifically addresses the livelihood of some 1000 low income residents who are primarily subsistence farmers. So far, investments of \$75,000 has yielded employment for 55 community members. The next investment of \$100,000 will maintain and expand an integrated farm designed to reduce overexploitation of the rainforest and provide additional employment for more community members.

Aside from the CDP component the other components are Environmental Education Program and the Reforestation Program. Budget requirements for these two programs have already been met amounting to \$900,000.

Grant Period: June 1, 2006 to May 31, 2007

Total Agency Annual Budget: \$1,000,000
Funding Request: \$100,000
